SUMMARY

Hello! I'm Ammara, a frontend developer and graphic designer who loves using data to create smart and engaging designs. I enjoy combining creative ideas with useful information to make sure every project is effective and focused on the user. My journey in Web Development and UI/UX Design has been driven by a commitment to continuous learning and embracing new challenges.

EXPERIENCE

WEB DESIGNER AND DEVELOPER

The Three Stars - Web Design Agency

November 2024 - Present

- Designed, built and maintained websites for clients.
- Managed client relationships and marketing data.
- Fostered teamwork and collaborative content.

ASSISTANT MENTOR

LC Studio

October 2024

- Led daily check-ins to track progress and support students' goals.
- Oversaw punctuality and task completion to promote productivity.
- Provided guidance and open communication to help students grow and meet standards.

TECHNICAL INTERN

LC Studio

April 2024 - Sept 2024

- Team building and collaboration among colleagues.
- Research and Learning through self-study and online courses.
- Currently applying my skills in a live project to deliver real-world solutions.
